SAVING MEDICARE

Speakers:

Bruce Childs

ex Senator and Save Medicare Alliance

Dr. Con Costa

Doctors Reform Society

Call on the Federal Government to use the record budget surplus to restore Medicare to world-class standards.

While the big end of town clamber for yet another tax cut, federal government under-funding continues to threaten our healthcare system, in particular Medicare.

With almost daily revelations about poor staffing levels at hospitals, declining bulk billing rates and escalating costs of medicine, thousands of hard-working Australians face ever-increasing health costs in the family budget.

Those that try to ensure high quality healthcare by joining private funds face a rat race of spiralling costs that bear no resemblance to wage growth.
